The abbreviated service restrictions meanings will be explained at the bottom of every timetable. NSch means not school days, this means that all the times listed under that service restriction will not run unless it's out of term time. Sch means the times listed under this service restriction will only occur in term time. You can also see that there are times for Route 3, these are not relevant as it does not stop in Wymondham.

How to read bus timetables - Online

Bus timetables are often easier to read online and are likely to be more up to date than those posted at bus stops. If you know the service number and bus company, simply type this into Google to find the company's online timetable e.g. 'bus 6 Konnect'. If you do not know the service number or bus company but know somewhere you would like to travel to you can also use Google by typing in for example 'bus Wymondham to Norwich' and this will list routes that Google has calculated for you as well as webpages offering a bus service that matches your criteria.

If you visit the Konnectbus website and go to [Route 6](#) then you would see something similar to the drop down boxes and table to the left. The table will appear once you have selected your day of travel and the direction you want to travel in. The table lists all of the places the bus stops in the first column and in the following columns it lists the times the bus will stop there.

From the full table on the website you can see that on Saturdays, travelling from Wymondham to Norwich there are buses every hour. If you took the 07:54 bus from Wymondham, Norwich Common you would arrive at Norwich Bus Station at 08:12.
