Appendix D	Year 3 Travel Survey Questions (2025)

1. FOREWORD

- 1.1. Smarter Travel Ltd (STLtd) has been appointed by the Developer – Crest Nicholson Eastern - to manage, monitor and promote the Residential Travel Plan (TP) for the development adjacent to Wetherden Road, Elmswell; known as St. John's Mead herein. The development scheme is for 241 residential dwellings (35% of which are classed as 'Affordable Homes' or 'Shared Ownership' operated by Clarion Homes). At the time of Year 4 monitoring (September 2025) all 241 dwellings were occupied.
- 1.2. The provision of this TP is to continue to oblige Part 3 of the Third Schedule of the Section 106 Agreement associated with Mid Suffolk District Council (MSDC) planning application Ref: 4911/16. The layout of the development is included in **Appendix A**.
- 1.3. The Office for National Statistics website has been used to estimate the number of people that could potentially live in the development. The "Key Figures for 2011 Census" for the ward the development is located in has given a breakdown of the number of people living per dwelling: 726 households hold an estimated 1,696 people, therefore, it has been estimated that a development of 240 residential dwellings would accommodate approximately 563 people.
- 1.4. A Travel Plan is defined as a long term management strategy and package of measures intended to encourage sustainable travel choices for a healthier lifestyle and reduce the reliance on the private car; this effectively requires identification and implementation of a set of interrelated measures and initiatives which will reduce the environmental impact of the travel associated with a development, particularly through the use of public transport, walking and cycling, which reflects current Government policy in respect of transport.
- 1.5. The Travel Plan Coordinator will promote, manage and monitor the success of the TP and report to Suffolk County Council (SCC) and MSDC as the Local Planning Authority for the monitoring period of five years from the first travel survey (2021). The monitoring period is therefore to be completed in 2026, with the principal target to have a shift towards sustainable travel of up to 10% from the initial assessment of car or small van drivers determined from 2011 Census data and Transport Assessment (TA) that supported the original planning application.
- 1.6. The development is located adjacent to Wetherden Road, to the southeast centre of Elmswell. The site is close to a number of key local amenities and public transport services within Elmswell.

Definitions

- 1.7. The following definitions are used throughout this document:
- i. **"Travel Plan"** means a comprehensive "living" document that includes the sustainable travel objectives, targets, and commitments, which is updated, amended and supplemented from time to time under the provisions of the conditions of the planning approval and "Travel Plan Reviews" which are obliged to be undertaken by the Travel Plan Coordinator on behalf of the Developer.
 - ii. **"Travel Plan Coordinator (TPC)"** shall mean a permanent representative appointed by the Developer with the appropriate skills, budgetary provision and resources to produce and update a "Travel Plan" and manage the continued implementation of the "Travel Plan" including the provision of information to the Local Authority.
 - iii. **"Travel Survey"** means a standardised traffic survey undertaken annually with a long-term Automatic Traffic Count survey at each principal access point to identify the number of car and LGV movements generated by the residents of the development supplemented by manual observations and/or postal / online surveys, as required.
 - iv. **"Travel Plan Review"** means an update of the Travel Plan annually and including the results and analysis of the "travel survey" indicating how the "Travel Plan" is performing and updating the document as necessary to reflect changes in local area accordingly. Each "Travel Plan Review" will be uploaded to the Modeshift STARS system to ensure consistent monitoring across the County by the Local Authority.
 - v. **"Monitoring Period"** means the time period that the Developer is committed to fund and manage the "Travel Plan" and "Travel Plan Coordinator" to review travel behaviour to/from the site with an aim to reduce private car usage in favour of sustainable modes. This time period is set out as five years from the first travel survey and agreement with the Local Authority of the full version of this "Travel Plan".
 - vi. **"Local Authority"** shall mean the relevant district council or county council required to approve the Travel Plan.

2. INTRODUCTION

- 2.1. This TP is updated and submitted to SCC and MSDC following the completion of each annual monitoring period. The travel surveys will be used to help update objectives and measures set out within this TP and commence the monitoring period. The TP will be uploaded to Modeshift STARS system to ensure consistent monitoring of Travel Plans in the county.
- 2.2. The development is wholly residential and therefore the TP is an important tool in helping to deliver sustainable communities. This will bring a number of benefits into the local area, including:
- i) Reducing the need to travel by private car and aim to cut congestion from the housing development.
 - ii) Increasing awareness of sustainable travel alternatives to the private car.
 - iii) Promotion of social inclusion and interaction by identifying that a wide range of transport options are easily available for new residents, including those with disabilities, and that existing amenities are accessible.
 - iv) Helping to reduce greenhouse gas emissions by accommodating those journeys that *need* to be made by car through information on greener car travel usage. This will aid in addressing the increased emphasis of tackling climate change and reducing impact on the local environment.
 - v) Residents can enjoy improved health, less stress and better quality of life through the increased use of walking, cycling and public transport use. Financial savings over the ownership and running costs of a private car can also be achieved through providing a greater travel choice.
 - vi) Bringing new choices of modes of transport to the wider community with the promotion of a car sharing scheme.
- 2.3. This TP has been prepared in accordance with the National Planning Policy Framework, SCC Travel Plan guidance (September 2022) and Department for Transport (DfT) guidance documents "Using the Planning Process to Secure Travel Plans (April 2009)"; "Making Residential Travel Plans Work: Guidelines for New Development" and "Good Practice Guidelines: Delivering Travel Plans through the Planning Process" (April 2009). Reference is also made to the Government's Guidance on Travel Plans, Transport Assessments and Statements (March 2014).

3. POLICY CONSIDERATION

National Policy

- 3.1. The Department for Transport document “*Smarter Choices – Changing the Way We Travel* (2005)” demonstrates the efficacy of measures such as the use of car clubs, car sharing schemes, personalised travel planning, travel awareness publicity, etc... The document sets out that the reduction nationwide could be of around 11% in traffic with appropriate travel plan measures implemented.
- 3.2. The Government’s white paper document “The Future of Transport: a network for 2030 (2004)” sets out the vision for a smarter choice of travel in England. The document has identified that marketing to promote sustainable transport can deliver “reductions in car use of between 7% and 15% in urban areas and 2% to 6% in rural and smaller urban areas”.

National Planning Policy Framework (NPPF)

- 3.3. The NPPF and the Department for Transport (DfT) guidance, referred to in **Chapter 2**, identifies that the provision of a Travel Plan will help to deliver more sustainable transport objectives, including:
- Reductions in car usage (particularly SOV journeys) and increased use of public transport, walking and cycling;
 - Reduced traffic speeds and improved road safety and personal security, particularly for pedestrians and cyclists; and
 - More environmentally friendly delivery and freight movements, including home delivery services.

Regional

- 3.4. SCC policy with respect to transport is embodied in the Local Transport Plan. The third Local Transport Plan (LTP3) 2011-2031 applicable at the time of this TP’s first implementation, set out SCC’s ambitions and objectives for transport. LTP3 identified how transport will play its part in supporting and facilitating future sustainable economic growth in Suffolk by:
- maintaining (and in the future improving) our transport networks;
 - tackling congestion;
 - improving access to jobs and markets; and
 - encouraging a shift to more sustainable travel patterns.

Mid Suffolk Local Plan

- 3.5. The then adopted MSDC Core Strategy Document (2012) plus Local Plan set out the council’s policies and proposals for the development and use of land within the district at the time this TP was first implemented. the subsequent Local Plan is in two parts, with Part 1 adopted in November 2023 and Part 2 is no longer being progressed in favour of a full review. Travel planning remains part of adopted policy LP29.

4. EXECUTIVE POLICY STATEMENT

- 4.1. Crest Nicholson Eastern have agreed to the TP arrangements that demonstrate the importance of the environmental and health benefits of increasing the use of more sustainable modes of travel as an alternative to the private car. Crest Nicholson Eastern is committed to developing and funding this programme, with the support of a TPC, and delivery of measures set out herein to achieve the monitoring targets whilst supporting change in travel habits of residents of this development.
- 4.2. Crest Nicholson Eastern will be responsible for the ownership of the residential TP for this development for a period of not shorter than the date of the approval by MSDC and SCC of the full version of this TP for five years, with the monitoring period ending in 2026.
- 4.3. The appointed TPC can delegate responsibilities to others to assist in the operation and monitoring of the TP. The contact details are set out below. Should the contact details of the TPC change at any time during the monitoring period the following details will be amended accordingly and advised to MSDC and SCC within two months.

<i>Acceptance and Commitment to the Role of Travel Plan Coordinator</i>

5. LOCAL ACCESSIBILITY AUDIT

Site Location

- 5.1. The development is located south of Elmswell and comprises of two parcels of land either side of Wetherden Road. The site is bounded by existing residential areas and agricultural land.

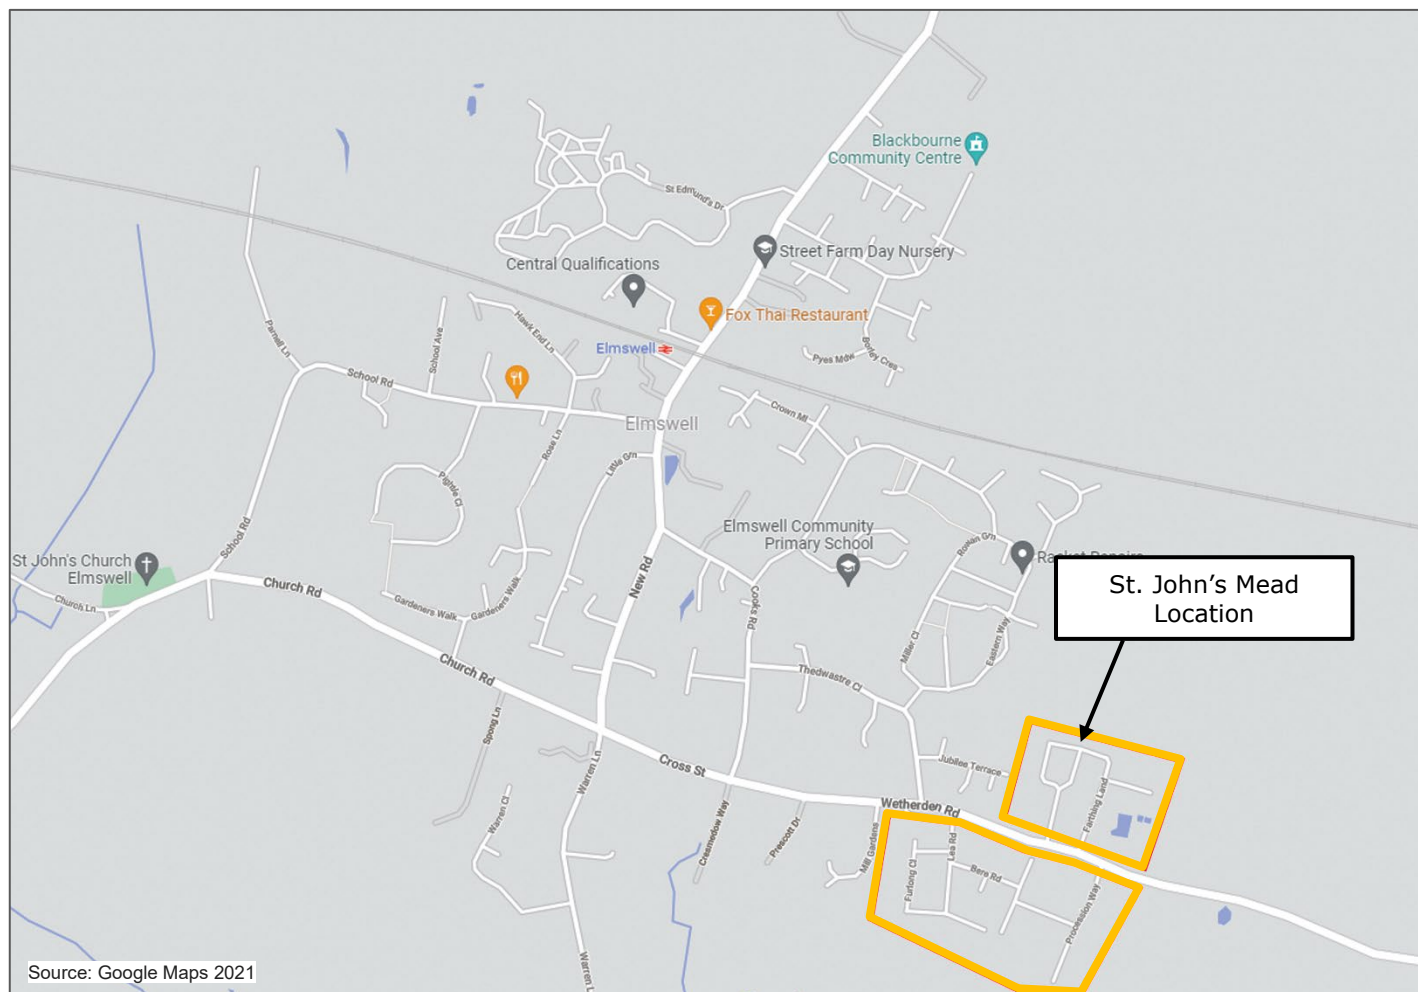

Figure 1 – Site Location

- 5.2. The site is accessed from Wetherden Road with two vehicular points, Lea Road and Procession Way, to the southern side of the development and two vehicular access points, Selion Way and Farthing Land, to the northern side of the development. All vehicular access points are open and in use by residents. Footways are provided along Wetherden Road and link to existing footways in the area. Two refuge island pedestrian crossing points of Wetherden Road have been provided along development frontage.
- 5.3. St. John's Mead is also located near a number of Public Rights of Way's (PRoW's). A pedestrian link has also been provided from St. John's Mead through to Jubilee Terrace in the northwestern part of the development that provides a shortcut to the primary school and train station.

- 5.4. Each dwelling is provided with the infrastructure to enable electric charging of cars. The use of Ultra Low Emission Vehicles (ULEV) will be monitored via annual online Travel Surveys, along with promoting to residents of the benefits in the shift to the alternative fuel type.
- 5.5. Bury St Edmunds lies 18.0km to the west and can be reached via the A14 to the south of Elmswell. The route towards Bury St Edmunds follows Wetherden Road and Church Road to the A14. Stowmarket is located 7.6km to the southeast of Elmswell.
- 5.6. The development will assist through financial contribution to the following local improvements:
- Public Right of Way improvements in Elmswell;
 - An extension of the Wetherden Road speed limit;

Active Travel

- 5.7. The site has provided a footway on Wetherden Road along the site frontage to link to existing footways to the west.
- 5.8. Pedestrian access has also been provided on the boundary to Jubilee Terrace. Additionally, two pedestrian crossings have been provided by the developer on Wetherden Road. One is located at the junction between Jubilee Terrace and the other is located between the two northern access points.
- 5.9. The village is covered by a 30mph speed limit which is considered to be suitable for cycling locally. Although there are no recognised official cycle routes in Elmswell, National Cycle Route 51 passes through Woolpit which lies to the south of Elmswell.
- 5.10. Elmswell Primary School can be easily reached by foot along new and pre-existing footways from St. John's Mead with a journey time of approximately 10-minutes (or a 3-minute cycle journey).
- 5.11. Residents of houses can store bicycles in garages or storage can be provided in gardens via sheds.

Public Transport

- 5.12. The closest bus stops to the development are along Wetherden Road, within 400m west of St. John's Mead, close to Jubilee Terrace. The eastbound bus stop is a flag and pole, whereas the westbound stop includes a shelter and a layby.
- 5.13. Primary bus services from these stops are by Dan's Coach Travel on route DB1, which operate between Stowmarket and Bury St Edmunds. DB1 provides six services in each direction Monday to Friday, including a typical commuter time return service to Bury St Edmunds.
- 5.14. Also available from these stops is Mid Suffolk Taxi Bus (Swift Taxi Cabs Ltd) operating service TB02B/TB02C on a circular route to/from Stowmarket (via Thurston) four time per day on Tuesdays and Thursdays. Route TB03A is

also a circular route to/from Stowmarket (via Bacton) with two services per day on Mondays and Wednesdays. Pre-booking of these services is recommended but not required.

- 5.15. Bus timetable information is included in **Appendix B** and the operator's websites are:

danscoachtravel.co.uk
suffolktaxibus.com

- 5.16. Further schools services are available from this and/or other stops within Elmswell.

- 5.17. Community transport options are also available to residents that may have need for these services. Connecting Communities operate in the area offering those that can't access local public transport a way to link with bus / train routes that are easily accessible. Further information can be found via their website (below). The service is operated by multiple registered charities that provide accessible transport to frail, elderly or less-abled people unable to access public transport because of disability or rural isolation. Community transport options such as this will be highlighted to residents through the Travel Plan webpages and newsletters, also see the link below:

communities.suffolkonboard.com/book-a-journey/mid-suffolk

Train Services

- 5.18. Elmswell Train Station is located at approximately 1.3km distance from the centre of the site. The station is located approximately 14 minutes' walk time from the development and 4 minutes via a bicycle. Services times are approximately 58 minutes to Cambridge and 22 minutes to Ipswich, services are typically hourly, Monday to Sunday.
- 5.19. Connecting services to Peterborough are available from Bury St Edmunds with trains to/from London available from both Ipswich and Cambridge. Train timetables for Elmswell Train Station can be found in **Appendix B**.
- 5.20. The station provides cycle storage for eight bicycles. There are no car parking spaces for commuters. Step free access is available across the whole station.
- 5.21. The National Rail Enquiries website (nationalrail.co.uk) provides an online journey planning tool and ability to purchase tickets by directing the user to a relevant rail franchise website, in this case Greater Anglia. Favourite journeys can be saved for later recall and live train tracking is available. There is a version of the site optimised for mobile devices and it is also available as a free mobile app for Android and Apple iOS.
- 5.22. Commuters travelling from Elmswell to Ipswich for example, can purchase season tickets at a current cost (source: Greater Anglia, October 2025) of:

- 1 month £ 226.20

- 12 months £ 2,356.00

- 5.23. Leisure travellers can also obtain various rail discounts via railcards (i.e. 16-25s and family and friends). This will be promoted to all new residents via the Travel Information Pack.
- 5.24. A review of 2011 Census data for the Elmswell area showed that the use of the train was low for commuter purposes, most of which being to London or Bury St Edmunds. This is discussed further, later in this TP.

Local Amenities

- 5.25. The Institution of Highways and Transportation in its publication "Guidelines for Providing for Journeys on Foot (2000)" suggests that an average walking speed of 1.4 m/s can be assumed. The Department for Transport's document LTN 1/20 (2020) "Cycle Infrastructure Design" recommends that a typical cycling speed of 20mph could be assumed.
- 5.26. Although now superseded by the National Planning Policy Framework, the Government's document "Planning Policy Guidance 13: Transport" stated that *"walking is the most important mode of travel at the local level and offers the greatest potential to replace short car trips, particularly under 2 kilometres."* The same document also stated that *"cycling also has potential to substitute for short car trips, particularly those under 5km and to form part of a longer journey by public transport."*
- 5.27. Focusing upon the site, **Table 5.3** below presents a range of local amenities in the surrounding areas, with the appropriate distance and travel time from the site, ordered in ascending distance from site.

Table 5.3 – List of Nearest Local Amenities

Amenity	Distance from St. John's Mead	Approx. Walking time	Approx. Cycling time
Wetherden Road Bus Stops	Within 400m	5 mins	1 min
Little Elms Nursery School	Within 650m	8 mins	2 mins
Elmswell Library	Within 650m	9 mins	2 mins
Elmswell Primary School	Within 805m	10 mins	3 mins
Elmswell Co-op Foodstore	Within 1000m	12 mins	4 mins
Elmswell Post Office	Within 1000m	12 mins	4 mins
Elmswell Tavern	Within 1200m	14 mins	4 mins
Elmswell Fire & Police Station	Within 1300m	16 mins	5 mins
Employment Elmswell Business Park	Within 1300m	17 mins	5 mins
Elmswell Train Station	Within 1300m	14 mins	4 mins
Elmswells Chinese Takeaway / Elmswells Fish & Chip Shop	Within 1300m	15 mins	4 mins
Elmswell Baptist Church	Within 1500m	20 mins	6 mins
Blackbourne Community Centre & Playing Fields	Within 1800m	21 mins	7 mins

NOTE: Selected amenities shown. Additional amenities are available in Elmswell.

- 5.28. In conclusion, the development is located well for a number of amenities which are accessible on foot or bicycle. Further to this, Bury St Edmunds, Stowmarket and Ipswich can be reached by public transport where further amenities and employment is located. **Figure 2** shows the location of most of the amenities noted above.
- 5.29. The good range of amenity provision in the area should help influence the residents to use more sustainable modes of transport to travel locally, reducing the impact of the development.

Barriers to Sustainable Travel and Accessibility

- 5.30. The potential issues and barriers to the promotion of sustainable travel in association with the site and its locality have been identified as follows:
- Lack of knowledge of potential Car Sharing opportunities;
 - Irregularly timed and low frequency bus services to employment areas such as Stowmarket;
 - Accessibility on bicycle to large employment areas; and
 - Perceived quality of facilities (shelters / seating etc) at bus stops.
- 5.31. The measures and initiatives proposed within this TP will seek to address the identified issues and barriers to sustainable travel and will be fully supported by the Developer for the monitoring period.

6. ANNUAL SITE AUDIT

- 6.1. During the monitoring period, an annual inspection shall be made prior to each survey by the TPC to review the condition of both on-site and off-site local footways, cycleways and public transport infrastructure to identify any maintenance issues that could be detrimental to the promotion of sustainable travel. Any maintenance issues seen can then be reported to the relevant department at the Developer and / or Local Authority for remediation and be reported in monitoring reports or TP reviews.

On-Site

- 6.2. As of the latest site audit in May 2025, no on-site issues were reported.

Off-Site

- 6.3. As of the May 2025 site audit, no off-site issues were reported.
- 6.4. The SCC Highways Reporting Tool will be promoted on the TP webpages and newsletters to residents as a prompt way to identify issues to the Highway Authority.

7. TRAVEL ASSESSMENT

- 7.1. The potential vehicular and non-vehicular generation of the development is summarised below and taken from the Transport Assessment that supported the planning application, which utilised TRICs data.
- 7.2. The completed development of 241 dwellings would have the potential to generate, without a TP, 163 vehicle movements (38 in and 125 out) during AM peak hour and 160 vehicle movements (110 in and 51 out) during PM peak hour. The corresponding trip rates per dwellings are shown in **Table 7.1**.

Table 7.1 – Trip Rates identified in TA

	Arrivals	Departures	Total Two-Way
AM Peak Hour	0.158	0.520	0.678
PM Peak Hour	0.456	0.211	0.667

- 7.3. Further to this, the 2011 Census statistics have been used to understand the current travel modes and typical work destination for existing local residents. These have been used to provide an estimate of typical travel modes that would be utilised from the development.
- 7.4. The April 2011 Census Statistics – WU03EW – Location of Usual Residence and Place of Work by method of travel to Work for Mid-Suffolk 006A (Lower Super Output Area), which could be representative of the site, is summarised in **Table 7.2**.

Table 7.2 – Method of Travel to Work - 2011 Census

Mode of Transport	Percentage
Train	3%
Bus	2%
Taxi or minicab	0%
Driving a car or van	82%
Passenger in a car or van (car sharing)	5%
Motorcycle, scooter or moped	1%
Bicycle	2%
On foot	5%
<i>Total Commuting</i>	<i>100.0%</i>

- 7.5. The table demonstrates that from the area 7% of the commuting was undertaken by cycling and walking, and a further 5% of the commuting was by using public transport, likely due to the site's rural location and lack of many local facilities, as well as the lack of regular bus services.

Objectives

- 7.6. There are a number of objectives that the implementation of a TP is intended to help fulfil. The main objectives of the residential development are to:
- Reduce the use of SOV through raising awareness of alternative travel modes available – especially for those working in the Stowmarket area;
 - Reduce the percentage share of SOV travel generated by the development to a lower level than would be predicted for the site without the implementation of the Travel Plan;
 - Promote healthy lifestyles and sustainable, vibrant local communities;
 - Accommodate those journeys that *need* to be made by car by promoting better ways to travel by car, such as car sharing and electric vehicles; and
 - Assist in addressing specific problems that prevent people from gaining access to key amenities.

Targets

- 7.7. Targets should be Site-specific, Measurable, Achievable, Realistic and Time-related (SMART). They may be phased year on year and can be by 'aim' type (e.g. percentage using non-car modes by....) or 'action' type (e.g. appoint a TPC by....).
- 7.8. The "aim type" Travel Plan targets are quantifiable and are given over two timescales: short-term (within one year) and long-term (within three years). The suggested key targets are based on the principal objectives of the TP and are as follows:
- Reduce the vehicular trip rates shown in **Table 7.1** by 5% by Year 1 (2022) of the implementation of the full TP.
 - Reduce the vehicular trip rates shown in **Table 7.1** by 10% by Year 3 (2024) of the implementation of the full TP.
 - Retain the reduced 10% vehicular trip rate target at Year 3 (2024) of the TP monitoring period to the final year of monitoring (2026).
- 7.9. Additional "aim-type" targets that are not directly related to travel mode are as follows:
- 20% return rate for postal / online surveys issued to residents.
 - 75% of postal / online survey respondents should be aware of the TP and TPC and the services that can be provided.

- 15% of the dwellings will have obtained a Personal Travel Plan provided by the TPC.
 - 15% of the dwellings of the development should have requested a multi-modal voucher.
- 7.10. The “action-type” TP targets are non-quantifiable targets and take the form of actions that need to be achieved by a specified date. These targets are based on implementing the measures specified in **Chapter 8** and therefore aid in meeting the “aim-type” targets and the principal objectives of the TP.

Remedial Measures and Triggers

- 7.11. After each travel survey the TPC will assess if the targets are being achieved for each of the modes of transport. Should the targets not be considered to be to the SMART principles then a review of achievable, realistic targets will be undertaken and submitted to the Local Authorities with supporting evidence to be agreed.
- 7.12. As the agreed targets have been achieved, the TPC does not need to consider additional measures, unless future monitoring observes an increase in vehicular trips above that which was estimated in the TA.

8. RESIDENTIAL TRAVEL PLAN MEASURES

- 8.1. The timescales for the implementation of measures are presented in **Table 10.3** within **Chapter 10** below. The table details when measures may be put in place during the agreed monitoring period.
- 8.2. A TPC has been appointed to manage, review and monitor the Travel Plan. Contact details are set out in **Chapter 4** with the responsibilities and appointment of the TPC detailed in **Chapter 9**.

On-site Accessibility

- 8.3. It is essential to ensure that pedestrian and cycle routes are safe and accessible. The site layout is designed to respect the permeability for pedestrians and cyclists, with the routes within the site being well defined.
- 8.4. The Developer ensures that the development has provision for good internet connectivity and availability. This aids in encouraging home deliveries and promotes working from home, where possible.
- 8.5. Through direct communication channels from residents to the TPC, as well as personal site visits, any maintenance issues identified with constructed pedestrian/cyclist routes on site will be identified by the TPC and reported to the Developer or SCC (as applicable) to be rectified.

Public Transport

- 8.6. An up-to-date schedule of bus and rail services, within the surrounding area of the site, including route information and service frequency, is available to the residents of the site (see **Marketing and Promotion**). The use of smartphone apps / cards and mobile technology will continue to be promoted so residents can access current timetables.
- 8.7. Residents are also made aware of the discounts on fares that are currently available for buses and train services through promotional links to relevant websites, through the development webpage and social media page. For example, the Endeavour Card was previously promoted to the residents via the various mediums presented in the **Marketing and Promotion** section prior to its phased withdrawal in 2025. This had enabled young people to obtain discounts on local bus travel in Suffolk, however many operators have their own schemes.
- 8.8. Each dwelling has been provided with the opportunity to gain a two-month bus ticket on local bus services or a one-week train ticket to Bury St Edmunds or Ipswich, or a cycle/active voucher (see below). The tickets may be split (as far as is practicable) between different residents of the same property upon request. This has been promoted through a "Travel Welcome Pack" that each residential dwelling was issued upon moving into their property. The voucher claim period ended on 31st August 2024
- 8.9. Railcards will continue to be promoted to the residents via the various mediums presented in the **Marketing and Promotion** section. This will enable up to 1/3 discount on off-peak rail travel.

Walking

- 8.10. Pedestrian routes in the vicinity of the site are adequate, linking with local amenities within Elmswell. However, the TPC will liaise with the relevant authority to highlight any maintenance issues.
- 8.11. The residents are provided information on pedestrian routes from the site to relevant local amenities within the Travel Welcome Pack. Branded merchandise can also be considered to be given out to residents to promote walking, such as travel umbrellas, during any promotional events.
- 8.12. For those less able to travel by bus or bicycle, an active travel voucher was offered (until 31st August 2024) to those that requested it as an alternative. This voucher was the equivalent value with an online retailer and could be redeemed on items such as waterproof clothing or rucksacks.
- 8.13. The TPC is to liaise with the TPC for the local Primary School to encourage any pupils living on the development to walk to school, as appropriate during the monitoring period. Elmswell Primary School was contacted in January 2025 but did not require assistance from the TPC.

Cycling

- 8.14. The travel survey will provide information about the potential to increase the number of trips made from the development by bicycle.
- 8.15. The TPC has and will continue to liaise with the relevant authority to ensure that any local cycle routes are properly maintained, should residents provide information on issues. The residents are provided with information and advice concerning appropriate cycle routes from the site to relevant regular destinations via Personal Travel Planning (see **Marketing & Promotion**) and Travel Welcome Packs.
- 8.16. Residents were able to redeem £75, per household, from the Developer for cycling equipment (as an alternative to rail/bus travel) from an online retailer (decathlon.co.uk). The voucher claim period ended on 31st August 2024.
- 8.17. Cycling related branded merchandise will also be considered to be given out to residents via any promotional events, such as a high visibility backpack rain covers, lights, among others.

Car Sharing

- 8.18. Car sharing represents a relatively convenient alternative form of car travel and potential exists to reduce the total private mileage of the residents. The TPC will establish from the travel survey, the potential for car sharing to and from regular destinations and will arrange for individual residents to be made aware of that potential.
- 8.19. The TPC has and will continue to promote the national Liftshare scheme, to provide opportunities to car share with residents from the surrounding areas. Residents have been made aware of the car share website and encouraged to make use of the information it contains from the outset.

Marketing and Promotion

- 8.20. The TPC has provided training to the development's sales staff of the Developer on the aims and objectives of the TP as well as the incentives available to residents. Posters were also provided so that sales staff could visually show the sustainable travel options available to them for the duration of the on-site sales office.
- 8.21. It is important to liaise with the Affordable Homes operator which for this site is Clarion Homes. These residents may not be aware of the house builder and may query the information given to them. Training to the person responsible for the site should be given on the Travel Plan where possible, its measures and opportunities, including the branding of the Affordable Homes operator on all marketing collateral for the residents to engage with the content.
- 8.22. It is considered that in order to best promote a change in sustainable travel habits of new residents to an area, it is key to provide information within the first few weeks of moving in. Therefore, each new dwelling has been provided with a Travel Welcome Pack within the first few weeks of first occupancy that directed residents to the development Travel Plan webpages and social media for travel related information and contact details of the TPC. A survey of current intended travel habits was included within the Welcome Packs to ascertain very early indications of travel behaviour change.
- 8.23. Travel Plan webpages have been created specifically for the development's residents via smartertravel.uk.com/st-johns-mead that provides links to this TP and summary reports as well as a useful way to contact the TPC for general travel related queries or for Personal Travel Planning. The webpages and Travel Welcome Pack also provide information set out below and further links to other useful travel related websites:
- Information on what a TP is and the benefits of the scheme;
 - Local area map indicating local amenities;
 - Links to the social media pages and news articles;
 - Information on car sharing, eco-driving, travel information and community transport availability;
 - Personal Travel Plan requests;
 - Public transport information including details of the bus mobile app service (explaining what buses and train services, can be taken to access facilities);
 - Cycle and pedestrian route maps;
 - Details of how to obtain local rail/bus tickets or a cycle/active travel voucher as well as other measures;
 - Marketing for the Liftshare website and rail discount card application forms; and

- Contact details of the TPC for the resident to be able to discuss any travel related problem or to receive further information for their personalised trips.
- 8.24. The TPC has, through the use of social media and other marketing materials for the development including an annual newsletter, promoted the use of sustainable travel and any nationally promoted travel days such as national bike week, etc.
- 8.25. It is recommended that the TPC undertake promotional events at the following times to increase awareness of the Travel Plan. Suggested minimum events are as follows:
- Regular marketing to highlight website, social media and cycle/active travel voucher/rail/bus ticket promotion as well as Personal Travel Plans and merchandise.
 - General small social media promotional events to engage with residents and provide information directly on sustainable travel.
 - An annual newsletter with any updates to public transport services, local events and other travel related information.

Personal Travel Planning

- 8.26. The TPC provides Personal Travel Plans to any residents who request the one and will continue to offer this service until the end of the monitoring period. They are made aware of this scheme by information provided on the Travel Plan webpages, promotional events and via marketing media issued to them. They can also contact directly the TPC through details given in **Chapter 4** of this TP.
- 8.27. The above list of measures is not exhaustive and should provide a basis of measures that can be implemented easily. The TPC will identify other measures throughout the life of the plan to aid in achieving the set targets and reducing SOV travel.

9. MANAGEMENT AND MONITORING

- 9.1. A programme of monitoring and review has been designed to generate information by which the success of the scheme can be evaluated. Monitoring and review are the responsibility of the TPC.

The Travel Plan Coordinator

- 9.2. The TPC has been identified and appointed – with the contact details set out in **Chapter 4**. The TP will be funded and managed for a duration of five years as part of the monitoring cycle commencing from the full TP update and will be completed following the 2026 monitoring.
- 9.3. The TPC takes responsibility for the development and management of the TP and ensures its delivery to completion of the monitoring period. It is important that the TPC makes regular visits to the site and presents the ideals of the TP to the residents and oversees the monitoring and reporting of the TP to the Local Authority.
- 9.4. The TPC is able to provide Personal Travel Planning (PTP) to residents of this development. This service will be provided on demand and aim to be available within 10 working days of the monitoring survey closure, or otherwise 10 working days from receipt of a request outside of monitoring.
- 9.5. The TPC ensures that structures for the on-going management of the plan are set up and running effectively, and helps to promote individual measures such as rail/bus tickets, car sharing, etc. This can be undertaken through social media / marketing material, PTP and / or via the development TP website.
- 9.6. The TPC liaises with other TPC's in the Elmswell area, the public transport operators, highway authority and / or the Developer in order to report any inadequacies in maintenance maximise the potential use of sustainable travel options.
- 9.7. The TP is reviewed at every completion of the travel survey, as part of an on-going five-year monitoring process. The TPC aims to submit details of each review to the Local Authority within two months of the completion of the surveys. The Travel Plan reviews is also uploaded to Modeshift STARS communities to ensure consistent monitoring of Travel Plans in the County.

Monitoring

- 9.8. To ascertain whether the residents will already change their mode of travel as a result of moving to this development from another location, a short survey was provided within the Travel Welcome Pack that each household could have completed to obtain the £75 cycle / active travel voucher or two-month free bus travel, or rail equivalent, prior to the claim period ending on 31st August 2024.
- 9.9. In order to identify the travel patterns for the residential development, an annual travel survey will be undertaken on the anniversary of the Full TP until the end of monitoring in 2026. This is to analyse how the residents and visitors actually travel from and to the site when compared to that of the 2011 Census data and vehicular trip rates that are set out in **Chapter 7**.
- 9.10. This mode split of travel is then used to compare the effectiveness of the TP over the monitoring period. The data should also be used to identify what further measures, if any, are required to further promote the TP and its objectives.
- 9.11. The results of the survey are issued to SCC as part of the TP review identifying the progress against the original objectives and targets. If the set targets have not been reached the TPC seeks to address and improve use of any mode, which seems to be underrepresented and where greater utilisation could reasonably be achieved and report to SCC.
- 9.12. In addition to the travel surveys noted above, the take-up of additional TP measures is monitored to demonstrate the impact of the TP on the residential estate, and to understand which measures are successful. The measures to be monitored are:
- The take up of Personal Travel Planning and response to follow up surveys; and
 - The level of redemption of the multi-modal vouchers; and

Travel Survey

- 9.13. The travel survey is undertaken at a cost to the Developer and is at a similar time of the year to provide a comparative assessment year on year. It has been ensured prior to the survey being undertaken that the following circumstances will not affect the outcomes of the surveys:
- School / public holidays;
 - Highway maintenance;
 - Closures on public transport services; and / or
 - Any publicised strike action.
- 9.14. The methodology of undertaking the annual travel survey is to have a two-week ATC located at each main vehicular access point open at the time of survey.

- 9.15. To supplement the ATC surveys, a Manual Count survey will be undertaken to help identify the modal split of the developments travel habits. This involves cameras located at the main access points (including non-vehicular) of the development (if accessible) and record all movements in and out of the site for a 12-hour period (7am to 7pm).
- 9.16. As the development was undergoing construction during the early year survey periods, any vehicle movements identified as construction traffic have been discredited in the 2021 and 2022 survey results, where possible.
- 9.17. The annual monitoring is supplemented with an annual postal / online travel survey. These enable a more direct questioning of residents' travel habits and identify measures that can assist in changing to more sustainable means.
- 9.18. To maximise the potential for return of postal / online surveys, an incentive is to be provided for respondents to maximise potential engagement. The result of each postal / online survey will be issued to the Local Authority via the TP reviews.
- 9.19. All online / postal surveys are confidential. No names or addresses shall be passed on to any third party (such as a public transport operator) unless prior approval has been given by the participant. The only personal information deemed necessary for the purposes of the TP are as follows:
- Name and address;
 - Telephone number / email address;
 - Whether they have a disability which would affect transport choice; and
 - Number and age of any dependants.
- 9.20. All survey information shall be kept secure by the TPC. Hard copies of any surveys that have any personal information on shall be kept on file in a lockable cabinet for a period of no more than two years and shall be securely destroyed thereafter. Electronic copies of surveys that hold any personal information shall be saved securely on the local server and the file shall be password protected. Electronic copies shall not be kept longer than a period of two years and shall be securely deleted thereafter. Refer to the Smarter Travel Ltd Privacy Policy for more details.

10. MONITORING RESULTS

Baseline (2021)

- 10.1. Baseline monitoring of St. John's Mead was undertaken during October 2021. At the time of the monitoring, 219 dwellings were occupied. The Manual Count survey was undertaken on Wednesday 13th October 2021. On this day, the high temperature was 14 degrees, and the weather was cloudy. The two-week ATC to supplement this Manual Count, commenced on Monday 4th October 2021, however, due to construction and unfinished road surfaces, for baseline monitoring, loops counters were only placed on one access point: Selion Way.
- 10.2. At the time of Baseline monitoring, there were no Covid-19 restrictions in place, however, guidance did still suggest taking reasonable precautions where possible in terms of social distancing and the use of face coverings.

Year 1 (2022)

- 10.3. First year monitoring of St. John's Mead was undertaken during October 2022. At the time of the monitoring, 221 dwellings were occupied. The Manual Count survey was undertaken on Wednesday 5th October 2022. The two-week ATC to supplement this Manual Count, commenced on Tuesday 11th October 2022. Loop counters were placed on three constructed access points.

Year 2 (2023)

- 10.4. Year 2 monitoring of St John's Mead was undertaken from Monday 18th September 2023 to Sunday 1st October 2023, consisting of a 2-week ATC survey located at four vehicular access points. No Manual Count survey was conducted in this years' monitoring. At the time of monitoring, all 241 dwellings were occupied.

Year 3 (2024)

- 10.5. Year 3 monitoring included ATCs laid for a 2-week period from Friday 11th October – Thursday 24th October 2024 and a 12-hour manual count conducted on Tuesday 22nd October 2024.

Year 4 (2025)

- 10.6. The Year 4 monitoring included ATCs for the two-week period commencing 9th September 2025 and 12-hour manual count data on 9th September 2025, including movements to/from the closest bus stops. The combined datasets from 2025 can be found in **Appendix C**.
- 10.7. **Table 10.1** below identifies the two-way vehicle movements identified in the TA, compared to what was observed during the Baseline Year (2021), Year 1 (2022) (based on 221 dwellings occupied) and the ATC monitoring from Years 2 to 4 (fully occupied; 241 dwellings).
- 10.8. Where possible, LGVs and OGVs have been removed from the observed ATC data for consistency across survey years, as in early surveys these would have been predominantly construction vehicles, therefore the ATC based

vehicular trips shown in **Table 10.1** only include cars, small vans and motorcycles. However, it should be noted that the TRICS based trip rates in the TA Estimate would have included larger servicing vehicles.

Table 10.1 Trip Rate Comparison

Monitoring Period	Time Period (Two-Way Trip Rate)		
	AM Peak (08:00-09:00)	PM Peak (17:00-18:00)	12 Hour (07:00-19:00)
TA Estimate	0.678	0.667	N/A
Baseline (2021)	0.445	0.616	-
Year 1 (2022)	0.502	0.557	-
Year 2 (2023)	0.553	0.596	4.615
Year 3 (2024)	0.536	0.537	4.361
Year 4 (2025)	0.603	0.542	4.920

- 10.9. **Table 10.1** shows that the AM peak trip rate in the Year 4 monitoring has since increased slightly from Year 3 but still remains considerably lower than the TA estimate. The target of a 10% reduction in vehicular trips continues to be exceeded in Year 4 (2025), with an 11% reduction in the AM and a 19% reduction in the PM trip rate when compared to the TA Estimate.
- 10.10. **Table 10.2** below identifies the modal split of residents observed during annual monitoring compared to the 2011 Census data.

Table 10.2 – Modal Split Comparison

Mode of Transport	Census 2011	Year 1 2022	Year 3 2024	Year 4 2025
Train	3%	N/A	N/A	N/A
Bus	2%	N/A	N/A	3%
Taxi or minicab	0%	1%	0%	2%
Driving a car or van	82%	59%	53%	53%
Passenger in a car or van (car sharing)	5%	15%	19%	19%
Motorcycle, scooter or moped	1%	0%	0%	<1%
Bicycle	2%	1%	1%	<1%
On foot	5%	16%	18%	17%
Other (inc. LGV/OGV)	0%	9%	8%	6%
Total Travel	100%	100%	100%	100%

Note: Figures have been rounded for reporting purposes.

- 10.11. **Table 10.2** identified a consistently high proportion of residents travelling on foot, this again could be due to the number of amenities available within

Elmswell village centre. Additionally, some of these residents could be travelling to Elmswell Train Station, although the proportion is greater than that of the 2011 Census for 'on foot', 'bus', and 'train' combined. Bus users were included separately from pedestrians in the Year 4 (2025) survey and were similar to the 2011 Census figure. The number of cyclists remained low, whereas car sharing remained stable at 19% in Year 4 (2025), with car or van passengers almost four times that of the 2011 Census data.

- 10.12. Also observed was a maintenance of the modal split for driving, which has decreased by a significant 35% compared to the 2011 Census data and continues to exceed the principle target of a 10% reduction.

Residential Travel Survey

- 10.13. The 2025 Travel Survey invitations were distributed by post to all 241 dwellings with reminders sent out two weeks later and a prize draw with 3 prizes to encourage participation, including a £200 Decathlon store voucher, a CLOSCA Helmet worth £99 and a £50 Kind Bag shopping voucher.
- 10.14. The 2025 survey received 13 responses, resulting in a 5% response rate, which does not achieve the 20% target set out in **Chapter 7**. Below is a summary of the findings from each question, the full dataset can be found in **Appendix D**.
- 10.15. No PTPs were claimed in the Year 4 Travel Survey. The total number of PTP claims throughout the monitoring period remains at 37 claims, which equates to a 15% uptake, achieving the target set out in **Chapter 7**.
- 10.16. When asked how often they travel and which mode(s) they use, 7 (54%) respondents stated that their main mode of travel was by car (alone) for an average 4 days per week, followed by 6 (46%) who said they would car (share) an average 4 days per week and 7 (54%) who walk for an average 3 days per week. Comparatively, 8 (62%) said they work from home for an average 2 days per week.
- 10.17. Participants were asked which mode of travel they would use if their main mode was unavailable, to which 4 (31%) said they would car (share), 3 (23%) would use a motorbike and 2 (15%) would use the train. The TPC will continue to promote public transport and platforms such as Liftshare to residents.
- 10.18. When asked whether they would consider car sharing regularly, 3 (30%) said they have family / child commitments which prevents them from doing so. 2 (15%) said they would if they found someone on the same shift patterns to share with and 2 (15%) would if they could find someone to share with. Car sharing platforms such as Liftshare will continue to be promoted to residents to encourage additional uptake of car sharing.
- 10.19. Participants were asked what was stopping them from travelling more sustainably, to which 4 (31%) said they need their vehicle for work, 4 (31%) said they need their vehicle due to family / child care, and 4 (31%) said bus times do not suit their needs.

- 10.20. When asked whether the Travel Information Pack helped them make informed travel decisions, 8 (62%) confirmed they had read it and would therefore have some awareness of the TP and TPC services available, which does not achieve the high 75% target set out in **Chapter 7**. Of those who had read it, 4 (50%) found the pack helpful. 5 (38%) respondents stated that they had not read the Travel Information Pack and would therefore have had little to no awareness of the TP and TPC services.
- 10.21. 7 (54%) respondents said the cost-of-living crisis has not impacted their daily life or travel arrangements, compared to 6 (46%) who said it had and provided comments that focus on reduced travel due to financial constraints, such as: *"trains are very expensive so use less frequently"*, *"I have gone for an electric car because it was cheaper than petrol"* and *"Yes, I now use an electric car"*.
- 10.22. 2 (15%) respondents provided additional feedback, focusing primarily on surrounding infrastructure, comments are as followed: *"Better bus routes"* and *"You should make people aware of available walking and cycling routes. Especially between Elmswell and Wetherden. I regularly see people walking along the road when there is a safer route the other side of the field"* and *"Better local buses for my family"*.

Voucher Claims

- 10.23. The voucher claim period ended on 31st August 2024 following one year after final occupation. A total of 108 vouchers had been claimed from the Initial Travel Survey, which is 45% of total dwellings, thereby surpassing the 15% target set out in **Chapter 7**.
- 10.24. Of the total vouchers claimed, 95 were for a £75 active travel voucher, 9 were 1-week train tickets to Bury St Edmunds or Ipswich and 4 were 2 x 1-week bus tickets for local services.

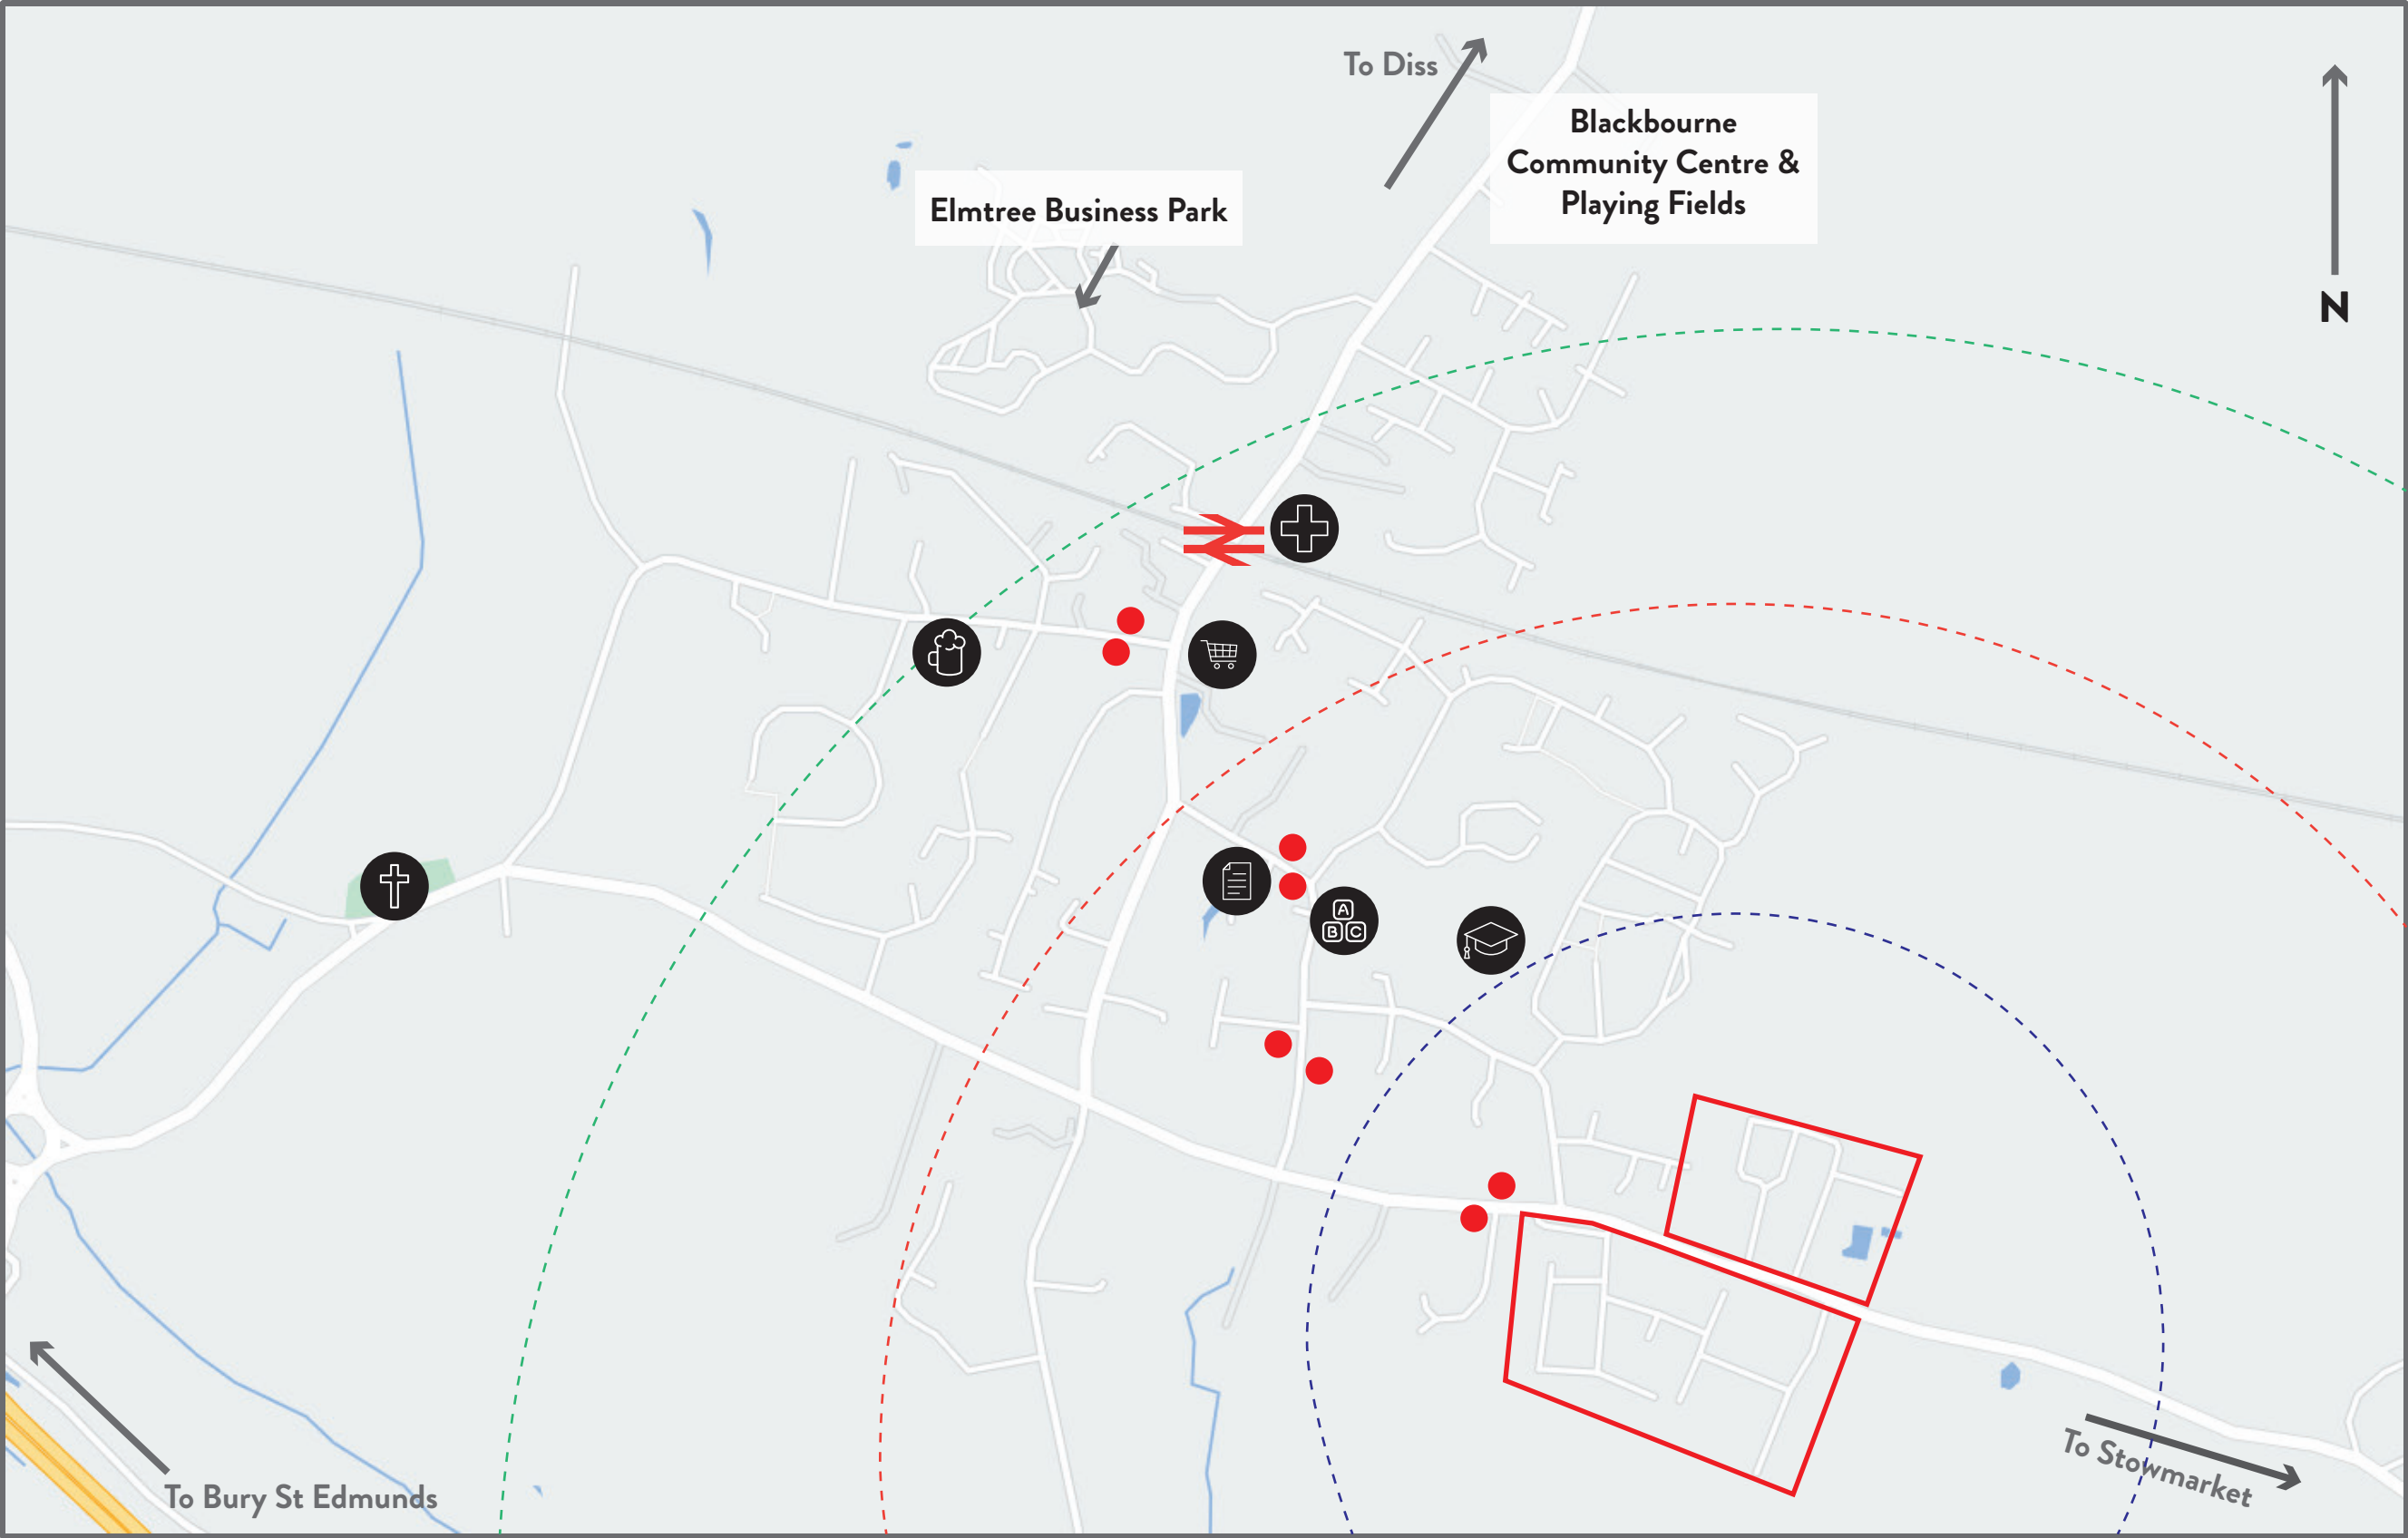

TPC Action Plan

- 10.25. The measures proposed below detail upcoming actions that the TPC will consider throughout the monitoring period. The list is not exhaustive, the TPC may consider additional measures as required, to ensure targets are achieved.

Table 10.3 – TPC Action Plan

Measure	Action	Timescale	Next Due
Travel Information Pack (TIP)	A welcome pack distributed to residents upon occupation	Until final occ.	Complete
Personal Travel Plan (PTP)	A bespoke Personal Travel Plan sent to residents upon request, highlighting sustainable travel options, local groups/routes, useful apps/websites and incentives	Ongoing	As requested by residents
Website and social media	St. John's Mead travel webpages and social media channels (Facebook, Instagram, Twitter) will be regularly reviewed and updated with useful information	Monthly	Ongoing
Multi-Modal Promotion	Promotion of sustainable travel modes; walking, cycling, bus, train and car sharing via marketing channels (TIP, newsletter, website, Facebook, Instagram, X)	Biennial (seasonal)	Ongoing
Newsletters	Annual update to all households on relevant travel information and news. Information will also include reminders of the travel incentives	Annual	Spring 2026
Residential Travel Survey	An online/postal survey distributed to residents.	Annual	Autumn 2026
Automatic Traffic Count Survey	Annual ATC monitoring to understand how the TP is affecting trip rates and modal shift	Annual	Autumn 2026
Manual Count Survey	Annual Manual Count monitoring on every open access to understand how the TP is affecting modal shift	Annual	Autumn 2026
Local Primary School	Contact will be made with the local Primary School to see of any measures the TPC can assist with.	Completed Jan 2025 – no action required.

DNCT Dan's Coach Travel 07885 661112

Suffolk 27/05/2025

For times of the next departures from a particular stop you can use **traveline-txt** - by sending the SMS code to **84268**. Add the service number after the code if you just want a specific service - eg: **buctdgttd 60**. The return message from **traveline-txt** will show the next three departures, and it currently costs 25p plus any message sending charge. Departure times will be real-time predictions where available, or scheduled departure times if not.

You can also get the same information by using the SMS code at www.nextbuses.mobi (only normal browsing charges apply) or through several iPhone or Android apps that offer access to **NextBuses**.

NOTE: SMS codes are different in each direction. Make sure you choose the right direction from these lists.

Train timetable

Valid from 18 May 2025

Ipswich to Cambridge and Peterborough

X @greateranglia

greateranglia.co.uk

Notes and Symbols

Bold Times in bold are direct services operated by Greater Anglia
Italic Times in italics are connecting train services with one change of train. Other connections may be available with further changes

0640 For the comfort and safety of all passengers, only folded cycles can be accommodated during busy times. Trains that these conditions apply to are highlighted throughout this timetable. To find out about when you can take a full-sized bike on the train visit greateranglia.co.uk/travel-information/your-journey/cycling

-  All of our services are now WiFi enabled
-  Interchange with London Underground
-  Interchange for ferry services
-  PlusBus add-on tickets available from this station

- a** Arrival time
- b** Change at Manningtree and Ipswich
- c** Change at Ipswich
- d** Departure time
- e** Change at Colchester and Ipswich
- f** Change at Ipswich and Manningtree

A Service runs 18 May to 14 September

All services are operated by Greater Anglia unless otherwise shown

Whilst every care has been taken in the production of this timetable, Greater Anglia can not be held liable for any errors or omissions contained within.

Useful Contacts

Customer Relations (Greater Anglia Customer Contact)

For all enquiries about Greater Anglia including season tickets, information and bank holiday services contact the Greater Anglia Customer Contact Centre:
 email: contactcentre@greateranglia.co.uk
0345 600 7245 (calls may be recorded)

Accessibility enquiries (Greater Anglia disabled persons helpline)

For general accessibility enquiries or for assistance requests call Greater Anglia disabled persons helpline on:
0800 028 2878
 Or email: assistedtravel@greateranglia.co.uk

Lost property

If you think you've left something on one of our trains or at one of our stations, contact us and we'll search the items handed in:
greateranglia.co.uk/lostproperty

For items left on trains arriving at London Liverpool Street, visit LostProperty.org

Website – greateranglia.co.uk

Visit the website for online ticket bookings, real time train running information, station departure screens, service alterations, bespoke downloadable timetables and much more.

Journey information

Find out how your train is running before you leave home or work.
 Sign up to Journeycheck Alerts:
greateranglia.co.uk/alertme

Spot anyone deliberately avoiding payment of their fare?

If you believe a fellow customer is deliberately avoiding payment of their fare, you can text the details to: **60006** starting your text with the word **dodger**. All information will be treated in the strictest confidence.

Appendix D

St John's Mead Travel Survey Sept 2025

13 responses

Would you like a free Personal Travel Plan (PTP)?

13 out of 13 answered

Yes 0 resp. 0%

No 13 resp. 100%

If your main mode of travel was unavailable, how would you get around?

13 out of 13 answered

Car (sharing) 4 resp. 30.8%

Motorbike 3 resp. 23.1%

Train 2 resp. 15.4%

Bus 1 resp. 7.7%

Car (alone) 1 resp. 7.7%

Other 1 resp. 7.7%

Work from Home 1 resp. 7.7%

Cycling 0 resp. 0%

Electric Vehicle (alone) 0 resp. 0%

Electric Vehicle (sharing) 0 resp. 0%

Park & Ride 0 resp. 0%

Walking 0 resp. 0%

Would you consider car sharing regularly?

9 out of 13 answered

No, I have family / child commitments (i.e. school run) 3 resp. 33.3%

Yes, if I could find someone to share with 2 resp. 22.2%

I already car share regularly 1 resp. 11.1%

Yes, if I could find someone on the same shifts as me 1 resp. 11.1%

I cannot travel by car due to mobility considerations 0 resp. 0%

No, I prefer to walk / cycle 0 resp. 0%

No, I prefer using public transport 0 resp. 0%

Yes, if it was incentivised (i.e. work perks; priority parking) 0 resp. 0%

Other 3 resp. 33.3%

What is stopping you from travelling more sustainably?

13 out of 13 answered

Bus times don't suit my needs 4 resp. 30.8%

I need my vehicle due to family / child care 4 resp. 30.8%

I need my vehicle to carry out my job role 4 resp. 30.8%

I can't walk / cycle to my regular destinations - too far away 3 resp. 23.1%

Public transport seems too expensive 3 resp. 23.1%

Surrounding roads aren't safe to walk / cycle 2 resp. 15.4%

I don't think I have any other options

1 resp. 7.7%

There are no shower / changing facilities at work

1 resp. 7.7%

I haven't found anyone to car share with

0 resp. 0%

I need my vehicle to assist with my limited mobility

0 resp. 0%

Other

2 resp. 15.4%

Has the Travel Information Pack helped you make informed decisions about the way you travel?

13 out of 13 answered

I have not read the Travel Information Pack

5 resp. 38.5%

No, I read it but did not find it helpful.

4 resp. 30.8%

Yes, I found it helpful.

4 resp. 30.8%

Did your household claim a welcome voucher?

13 out of 13 answered

I was not aware of the voucher offer 7 resp. 53.8%

None 3 resp. 23.1%

£75 active travel voucher 3 resp. 23.1%

1-week train ticket to either; Bury St Edmunds or Ipswich 0 resp. 0%

£50 Stephensons smart card top up for local bus services 0 resp. 0%

Powered by Typeform
